L.C.I. will provide a safe, healthy, and affordable home for our residents. We believe all people need a chance to make a life for themselves. It is our goal to give that freedom of choice to our residents. We believe no one should be excluded from the rights to a safe home, on the basis of their skin, the intelligence of the mind, nor the physical ability of the body. In God's eyes, we all have perfect wings---we are all his children.
