DAY PROGRAM**

**ENHANCING
QUALITY OF LIFE**

At LCI we believe that we can enhance people's quality of life, with opportunities for personal growth.

We teach independent life skills that are planned around each individual we serve. LCI will help the person grow and learn the skills needed for their personal success. We will develop an individual plan for each person through the person's choice, input from the family and the support team.

Some of the things we teach are:

- ♥ Meal planning and Shopping
- ♥ Preparing the meal and cleanup
- ♥ Stranger Awareness
- ♥ Human Rights
- ♥ Social Skills in the community
- ♥ Table Etiquette
- ♥ Interacting with Dignity and Respect
- ♥ Using the telephone
- ♥ Money recognition
- ♥ Current Events in the persons community and world

LCI's Staff to person ratio is one staff to three people. A smaller staff to person ratio gives the potential for successful learning.

LCI will provide a safe and healthy place for the people we serve. We believe all people need a chance to make a life for themselves. It is our goal to give that freedom of choice to the people we serve. We believe no one should be excluded from their rights on the basis of their skin, the intelligence of their mind, nor the physical ability of their body. In God's eyes, we all have perfect wings.
