MOTHER TO MOTHER

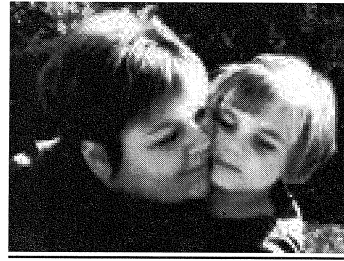

**“Enhancing the well being
of mothers and
promoting positive
parenting for the healthy
development of children
in our community.”**

Our Program

Mother to Mother is a mentoring program. We focus on the well-being of mothers as the first step toward ensuring a positive home environment for children. Mother to Mother helps mothers build more effective parenting skills.

Our Mission

Mother to Mother provides opportunities for women of different racial, religious and economic backgrounds to gather in friendship, offering support with family struggles or simply sharing life experiences and learning from one another. These new friendships empower participants to nurture healthy families and to grow both as individuals and as members of the community.

Our Participants

- Most participants live at or below the federal poverty guideline..
- Many participants are single mothers.
- Many participants are mothers who are isolated or lack a support system.
- Many participants are new mothers

The unifying characteristic of all of our mothers is that they are making a concerted effort to become better parents to their children.

Our Goals

- Assist mothers in obtaining skills for self-sufficiency.
- Help mothers acquire the confidence and tools to create positive and healthy relationships with their children.
- Work with mothers to best utilize community resources.
- Assist in Preventing the removal of children from their homes.

Program Services

- Mentoring by caring volunteers who are experienced mothers.
- Education about physical and emotional health.
- Group activities, classes, and outings.
- Referrals to other community services
